ANNUAL REPORT OF THE SELECTMEN.

TO THE CITIZENS OF THE TOWN OF MILFORD:

We herewith submit our report for the fiscal year ending December 31, 1919, with an itemized account of the expenses of the various departments, under our supervision.

HIGHWAYS.

The report of the highway surveyor who has exclusive control of the ordinary repairs of highways, town ways, streets and bridges, will be found under a separate heading.

We recommend that a reasonable appropriation be made for highways in order that they may be kept in proper condition.

Your Board has had several conferences with the Massachusetts Highway Commission relative to re-building Cedar Street to the Hopkinton Town line, and Medway Street, and the Commission have given their assurance that work will be undertaken in the spring.

Surveys are being made and plans prepared by the Commission.

STREET LIGHTING.

During the past year 28 street lights were placed on Cedar Street, in accordance with a vote of the town, and additional lights were placed on Highland Street, and in other parts of the town where necessity required.

The number of lights now maintained is as follows:

672 40 cp. lights at 18.00 dollars per year.

71 60 cp. lights at 19.75 dollars per year.

87 100 cp. lights at 24.00 dollars per year.

WELCOMING HOME, SOLDIERS, SAILORS AND MARINES.

At the Annual Town Meeting in March 1919, \$1,000.00 was appropriated for the purpose of Welcoming Home, Soldiers, Sail-

ors and Marines who served in the late war, and your Board appointed a committee of citizens to act as a Welcome Home Committee, and entrusted to them the responsibility of expending the money appropriated.

Additional funds were received by contributions from citizens and organizations.

The Committee organized with the choice of Thomas J. Nugent, as chairman, Allen A. Hartwell as Secretary, and James E. Walker as Treasurer.

Various sub-committees were appointed and all rendered valuable service.

The receptions were very successful and appreciated by the boys who returned, and by the people of Milford, who showed by their enthusiasm that they were proud of their Heroes.

During the past year the Board of Selectmen has always been solicitous for the welfare of the town's interest and has been alert to guard the rights and privileges and safety of its citizens.

We call attention to perhaps the most important event of the past administration, the hearing of the petition of the Milford Water Company for a substantial increase of rates. We found ourselves financially handicapped and appealed to the Finance Board for permission to use some of the emergency fund which, in our opinion and in the opinion of the Town Solicitor, is created for such purposes. We were refused, but this did not diminish our activities in the matter and we instructed the Town Solicitor to guard the town's interest and empowered him to employ a competent engineer. All of this was done. The results of that hearing and the good that has reacted through the town in the saving of money, not only for the town but for the individuals who use the water, is very well known but a reiteration would not be amiss, perhaps, at this time. The investigation saved the town thousands of dollars in hydrant rental because if the petition was allowed as asked for, the rate of hydrant service would be about seventy-five dollars, whereas after the hearing we had the old rate of fifty dollars. The hearing has also resulted in furnishing, for the protection of property, additional hydrants. We also have tried to bring about protection for the new quarry property,

which promised to employ many men in the north end of the town, but have been unsuccessful.

During the past year many petitions were brought by the street railways coming into the town for increase of fare. The Board of Selectmen of Milford has spent many nights in conference with the selectmen of other towns with the result that we have a very reasonable fare going out of Milford in every direction when one considers the present very chaotic state of prices.

We have also been in consultation with the Highway Surveyor and the Sewer Board and Health Board concerning the abolition of a drain which runs underneath the factory of the new handkerchief concern and we hope to find a way to abolish it at once, as we recognize the justice of the claim and wish to encourage all such attempts to further the interest of the town.

In addition to the above we found that with the increase of automobiles and with the inadequate amount of money to properly patrol our highways, despite the fact that we have put up several "silent policemen" to guide the automobiles and protect the pedestrians, it occurred to us that there was need for street regulations concerning the moving of all types of traffic. We have had drafted, through the Law Department, a set of rules and regulations which are now the law of this community and will aid much if we only have the co-operation of both the automobile drivers and the pedestrians. Upon the conduct of them both will, in the last analysis, depend to a great measure the safety of themselves, and we ask that both the drivers and the pedestrians conduct themselves on the highways in such a manner that harm will not come to either.

The following is an itemized report of the receipts and expenses of the various departments.

REPORT OF THE BOARD OF HEALTH.

In comparing the list of contagious diseases for this year and last, we note the increase of diphtheria to be 15 per cent. and scarlet fever 18 per cent. This is not only true of Milford but of other towns throughout the state.

I cannot speak too highly of services rendered by the school nurse, Miss Lillian Sinclair, who, by following up of absentees, has detected incipient cases and possible carriers.

Through the generosity of the Red Cross which furnished the necessary funds, the Public schools have had the services of a school nurse for one year at no expense to the Town. I believe the school nurse a necessity and a progressive step in Public Health and Welfare work.

Tuberculosis is on the increase locally, twenty deaths being recorded from all forms of the disease during the past year, which means that there are undoubtedly 150 undiscovered cases in our midst. The dispensary has 16 cases under observation at present. Miss Nora Rowell, the dispensary nurse has visited the home cases and rendered efficient service.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS.

TO THE HONORABLE BOARD OF HEALTH :

GENTLEMEN :—I herewith submit my report as Inspector of Meats and Provisions during the year 1919.

There have been four slaughter houres killing cattle, calves, pigs, sheep and goats.

The following carcasses have been inspected and acted upon according to law :—

Cattle, 441 ; calves, 1264 ; pigs, 741 ; sheep, 7 ; goats, 2.

I have inspected market, fruit and vegetable teams during the year and found them obeying the law.

Respectfully yours,

JAMES J. FULLUM,

Inspector of Meats and Provisions.

REPORT OF INSPECTOR OF ANIMALS.

TO THE HONORABLE BOARD OF SELECTMEN :

GENTLEMEN :—I herewith submit my report as Inspector of Animals for the year ending, Dec. 31, 1919.

During the past year I have condemned nine animals suffering with tuberculosis, one with glanders, one with rabies and ten affected with hog cholera ; all of which were properly cared for.

Upon my annual barn inspection I found the sanitary conditions much improved.

T. C. HAYS, M. D. V.,

Inspector of Animals.

REPORT OF THE INSPECTOR OF WIRES.

TO THE HONORABLE BOARD OF SELECTMEN OF THE TOWN OF
MILFORD:—

GENTLEMEN:—

During the past year the number of houses wired for lights has been about double the number done last year, while the number of additional lights and extensions has been nearly four times the number of last year.

The work seems to be growing every year.

This year there have been 615 permits issued, and the same number of inspections made and certificates granted, not including 273 second inspections where the work was not properly done.

The poles in town have been inspected and we find them in the best condition they have been in five years, although there is some room for improvement yet.

The power lines are steadily growing, and more electric power is now being used than ever before in this town, the present amount being 1500 H. P., and much more in prospect.

Last year the number of meters installed was 49, this year there were 318 installed, showing the difference in the amount of work between last year and this.

In closing I would say that the outlook for next year, is that the increase will be larger than this year.

Respectfully submitted,

JOHN B. WARNER,

Inspector of Wires.

During the past year death has again taken one of our oldest and most faithful officers who for thirty-five years had served the town of Milford faithfully, giving the department the best of service, a man of excellent reputation, and a friend of every member of the department, who deeply mourn his sudden death. I have some recommendations as to a permanent paid police force and am taking the matter up with your committee appointed by the voters, but with the present high tax rate I cannot recommend

it this year, for the cost would be too great under our already heavy tax rate. While I believe we must come to a permanent police force, I cannot recommend it this year. Thanking the Selectmen and the other Town officers, for the support they have given me and also thanking the members of the department, for their hearty co-operation, and service, making the duties of the Chief as pleasant as possible during the year 1919.

Respectfully submitted,

JEREMIAH T. MURPHY,

Chief of Police, Milford, Mass.

In this report we have omitted the "Detailed Statement of Expenditures" or the full list of orders on the Treasurer, which action was prompted by a request from the Board of Selectmen that we summarize our report as much as possible.

Maintenance cost has been even greater than last year, but we do not think the increase has been any more than in work and materials along the same line in the open market, and we recommend that the sum of Six Thousand Dollars (\$6000.00) be appropriated for this item for the present year.

During the past year with the funds obtained from the bond issue of \$25,000.00 authorized by the Town, together with our balance on hand, the additional syphons, on the main intercepting sewer (Depot and South Main streets) were very satisfactorily completed by Cenedella & Co. of Milford, Mass., to whom the contract was awarded at (by comparison with other bids received) a very low cost.

An intercepting sewer was built along the westerly side of the N. Y., N. H. & H. R. R. line from Main street, northerly, to Granite street and on said street easterly across the railroad at a point near the plant of Milford Iron Foundry and thence North-erly along the east-side of railroad to a point opposite about the centre of the present plant of the Milford Holding Co. This was constructed by the same firm of contractors under a contract made in the preceding year and referred to in last year's report.

This sewer gives relief to two of the best and most promising

industries in our Town, is part of the original plan of our system, and will be absolutely necessary to care for the present district along Purchase street, above Fells Avenue or future growth therein, which we look forward to.

We also constructed on cost basis by day work, employing competent foreman and with good results lateral sewers that were much needed in the following streets:—Lawrence, Lee, Cherry, Short, Emmons and Winter.

Nothing was done with the carriers at filter beds referred to in last year's report as the cost was even greater than the year before but the present ones are about all gone and we will probably be obliged to start some of them this year.

Total number of connections is 1295, eighty-two having been added during the year.

FRANK P. DILLON,
LOUIS P. PRATT,
ALFRED F. MARTIN,

Sewerage Commission.

REPORT OF THE TRUSTEES OF THE TOWN LIBRARY.

The Trustees of the Town Library respectfully submit the following reports:—

More normal conditions in library work have prevailed during the past year. There have been fewer posters to display, fewer inserts to place in books, fewer organizations asking for library co-operation. The Child Welfare campaign and the Thrift campaign have been the most active. Inserts were received from both committees and placed in outgoing books. From the First Federal Reserve District were received several fine posters for display. The Children's Bureau and the U. S. Boys' Working Reserve also sent leaflets.

A new display case was purchased early in the year and placed in the delivery room. This is kept filled with new non-fiction books, and with special exhibits. At Thanksgiving and Christmas, all the books in the library pertaining to the holidays were placed in the case. The pupils and teachers especially, made good use of the books.

In the report of the Public Library of the City of Boston, the Examining Board says—"No effort should be spared to keep every library and reading room clean—floors, windows and entries—. It can be maintained if constant attention be given. It is superfluous to comment on the effect of lack of cleanliness on contagious and infectious diseases." Owing to the fact that the boiler room and coal bin are directly under the stack room, the books and shelves and everything are always dusty. It would require much more care than is now given the room to keep it in proper condition. Yet as the Boston report says this is important.

An effort is made to have the children come to the library with clean hands and to impress upon them that their hands

should be clean whenever books are handled. In the reading room no child is supposed to use the books and stereoscopes unless his hands are passably clean. If we had a lavatory on the library floor, much better work along the line of sanitation could be done.

During the coming year there is imperative need of book stacks. Four hundred books in the miscellaneous department are without shelve room, and in the fiction department, there are as many more waiting for space on the shelves. More units for the card catalogue are needed, as well as a regular card catalogue table. As soon as conditions make it advisable, new encyclopedias and new atlases should be purchased.

Mr. William P. Clarke, elected Town Auditor last March, resigned his office as Trustee of the Town Library. He had served efficiently since 1910, and his resignation was accepted with regret. At a joint meeting of the Selectmen and Trustees, Mr. Thomas J. Quirk was chosen to fill the vacancy.

At a meeting of the trustees held Feb. 2, it was voted to request an appropriation of \$700 and the dog tax, for the benefit of the Town Library during the ensuing year.

REPORT OF TOWN SOLICITOR.

February 9th, 1920.

TO THE HONORABLE BOARD OF SELECTMEN:—

I herewith submit my report for the year just passed.

During the past year, which, I think, has been the busiest year since I entered the office of solicitor in the history of the town, many matters of routine nature such as tax suits have been adjusted. There are pending, however, a few of these tax cases which may be settled before this report is printed. Two of these cases are in the Superior Court and one is in the local court. The only other case pending against the Town of Milford is the case of Desidario Besiccia for injuries alleged to have been sustained by falling on a defective sidewalk on East Main street, opposite the car barn. The Highway Surveyor and I have investigated the matter, and your honorable board has also investigated it, and we have decided that we are not liable. However, the plaintiff thinks otherwise and has brought suit against the town.

The Town of Milford, through its sewer board, has taken certain rights of way extending on the Milford Coal Company property, through the property of the New York, New Haven & Hartford Railroad Company, through a private way and over what was known as the Greene Brothers' factories. No adjustment of those claims has yet been accomplished.

During the past year there have been many hearings in which the town was interested on the question of street railway increases of fare, all of which have been very satisfactorily adjusted considering the high prices of all things, and of course the street railways had to receive an increase as well as all other employers of labor. By far the most important hearing in which the town's interest was concerned was the hearing relative to the raising of rates of the Milford Water Company. The result is so well known that I will not take up space in repeating it; suf-

fice it to say that the town employed Mr. F. A. Barbour as its engineer and while the cost was what might be termed considerable, I deem it a very judicious and wise expenditure in view of the results obtained. I wish to acknowledge my appreciation of the services of Mr. Barbour in the preparation and hearing of this action, without whose assistance we would have been at the mercy of the Milford Water Company that was backed by a most competent engineer and eminent counsel. I also wish to congratulate your board on securing such a competent engineer to resist the Milford Water Company.

We have, during the past year, put into force a set of street regulations, the importance of which, owing to the increase of automobile traffic, is evident to all. We now have street regulations having the force of law to control our street traffic, whether it be motor or vehicle traffic.

I desire at this time to again call the attention of your board to the necessity of a new set of by-laws for the town, and especially to the necessity of a set of building laws. This latter is very evident when one considers the wholesale change of ownership of our blocks in the business section, the owners thereof being strangers to the town and whose motives seem to be simply for gain alone. Looking forward to the possible changes that might suggest an entire change of aspect, one can readily see the necessity of having some power to say what shall be built and what shall not be built. The only way to accomplish that is by the adoption of a set of building laws and I urgently recommend their passage.

I again recommend the continuance of the emergency fund which was adopted last year as it may be very necessary for the welfare of the town during a time when the doors are locked to the appropriation of money by the town on account of our stringent financial law governing appropriations.

I again extend to all the public boards my appreciation of their courtesy to me in my relations with them as town solicitor.

Respectfully submitted,

JOHN C. LYNCH,

Solicitor.

AUDITOR'S REPORT.

TO THE VOTERS:—

GENTLEMEN:—I have examined the Vouchers and Warrants drawn by the different departments of our town government and have found them correct.

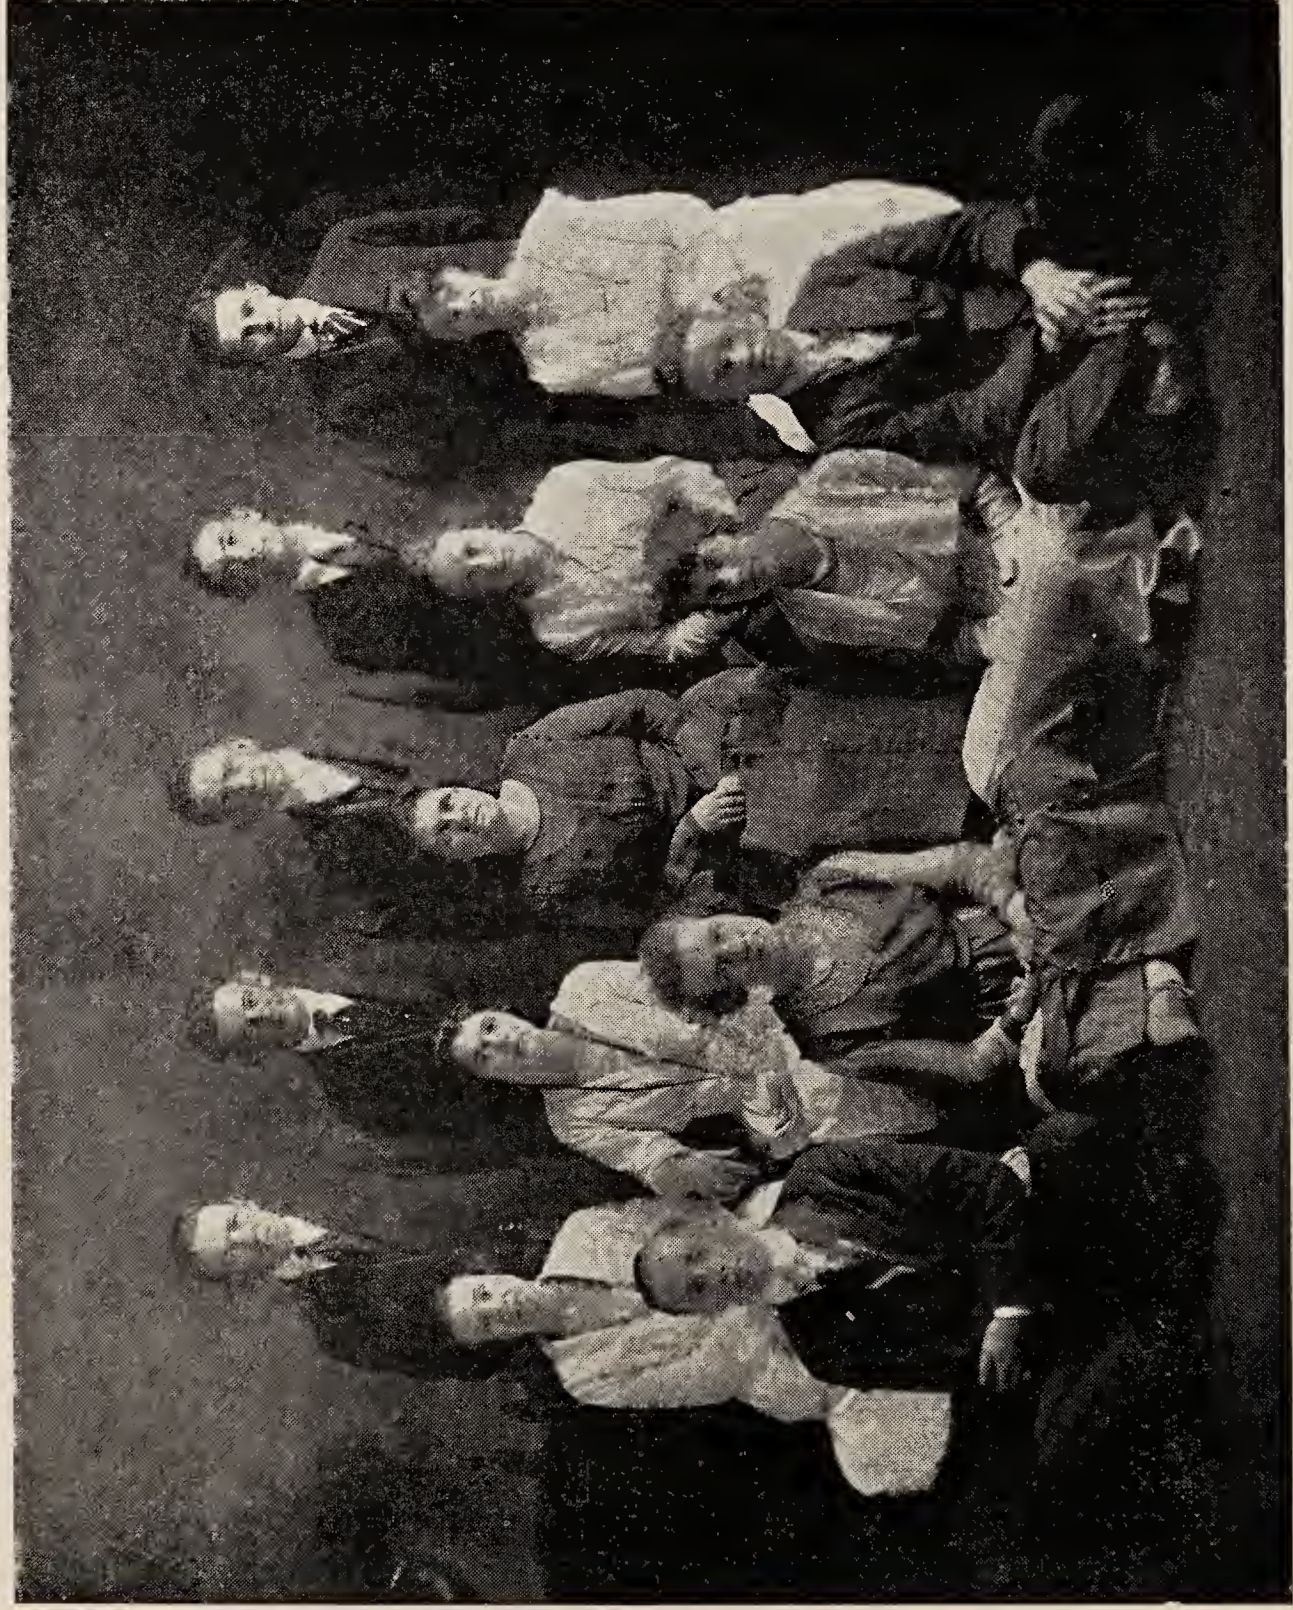

I have endeavored to eliminate any and all claims that seemed to me did not come within the intent of the voters, as shown by appropriations made for carrying on the town's business..

Thanks are extended to all officers with whom I came in contact, for the many courtesies shown.

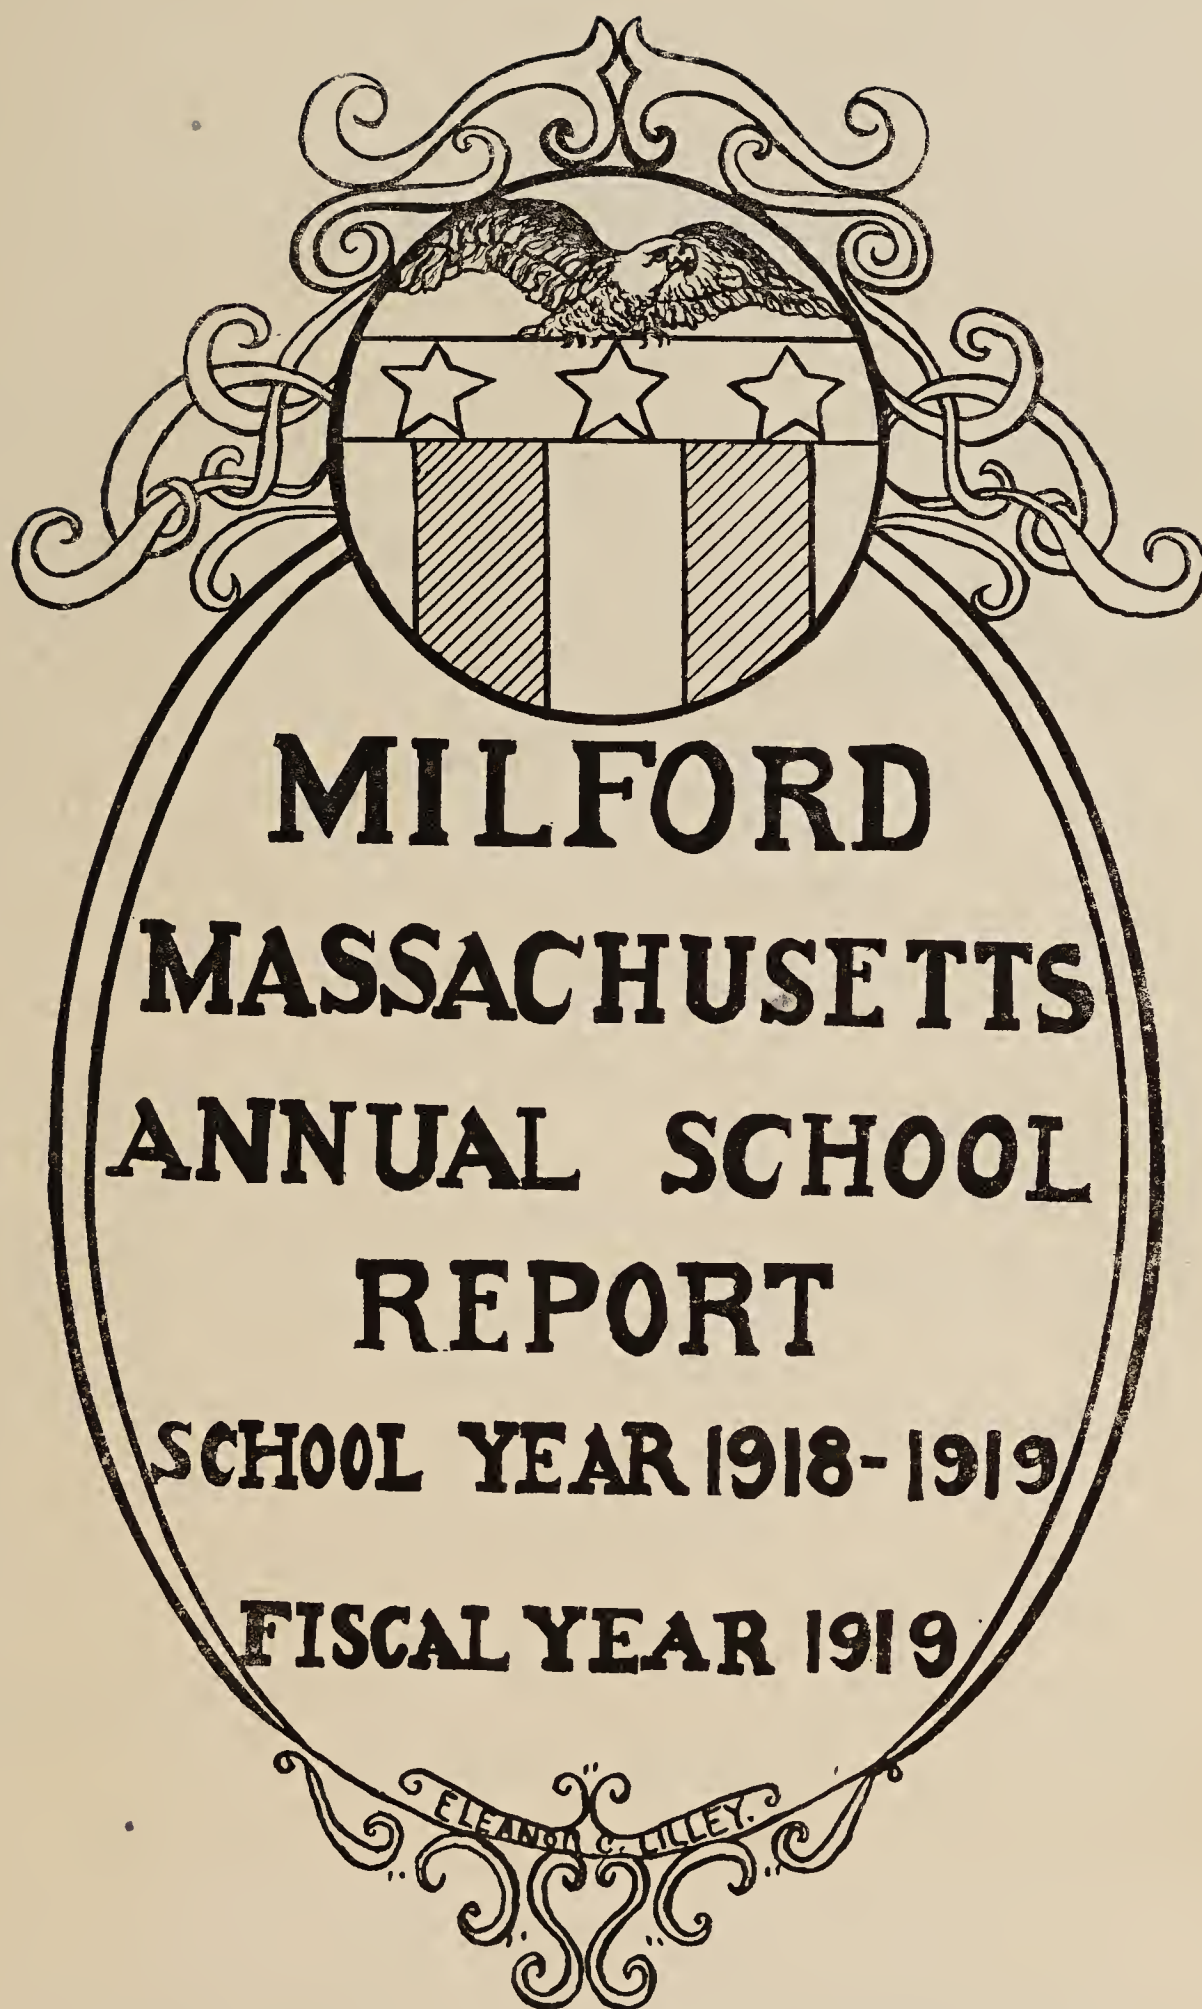

Very truly,

WILLIAM P. CLARKE,

Auditor.

REPORT OF THE COMMITTEE.

The flight of time admonishes us that it becomes necessary to make report to the town of the conditions and needs of the school department. The following report of the Superintendent of Schools, which has been adopted by the School Committee as the report to the town, treats upon important matters, which need careful attention. Give heed then, "Act well your part, there all the honor lies."

We ask for the following absolutely necessary appropriations:—

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Honorable School Committee of the Town of Milford,
Gentlemen:—

I have the honor to present my ninth report as your superintendent of schools, the forty-second of such reports in Milford.

ATTENDANCE ROLL OF HONOR.

Notwithstanding the broken and disturbed conditions under which we were living and working during the school year 1918-19, there were eighty-five pupils in the public schools with a perfect record of attendance. I congratulate these pupils and their parents on this achievement. The names of these pupils will be found farther on in this report.

THE SCHOOL YEAR 1918—1919.

The outstanding feature of the school year 1918-1919 was the epidemic of Spanish influenza and the consequent loss of time and break-up of regularity and continuity of instruction. Our schools lost six weeks in the fall of 1918, but, as was forecasted in last year's report, three weeks of this were made up during the spring, and all the schools closed in June with a fair year's accomplishment to their credit. Tests in addition and spelling were conducted from time to time. Particularly creditable results were gained in the latter subject.

GENERAL OUTLOOK.*

More than 143,000 teachers have left the service during the last year, many for economic reasons. One of the best tests, whether a school system is alive, and one of the greatest compliments that can be paid a school system is the fact that the fixity of its personnel is breaking up and its teachers are being selected for better positions in other places. Milford's school system reached this stage recently. This department has met the situation fairly and we believe generously in the new salary schedule that went into effect January 1, 1920, whereby all employees of the school department received substantial increases. The new rates of compensation are as follows:—

Superintendent	\$2,700 00
High School:	
Principal	2,300 00
Sub-master	1,500 00
Head of Science Department	1,300 00
Assistants Senior Grade	1,100 00
Assistants Junior Grade	1,000 00
Principal of the George E. Stacy School	1,900 00
Grade Principals:	
Maximum grade salary plus \$25.00 plus \$10.00 for each extra room besides her own.	

* Some idea of the acuteness of the teacher shortage may be gained from a recent address of Philander P. Claxton, U. S. Commissioner of Education, at Boston University. Commissioner Claxton said that 41,000 schools throughout the country are taught by teachers unqualified for their jobs; the average pay of school teachers is \$600 a year, as compared to \$900 paid to telegraph company boys, aside from the latter's overtime pay; 500,000 children failed to receive any instruction at all this year, as 20,000 schools are closed; the average life of country teachers is 48 weeks; rural mail carriers receive \$1500 a year, and many new teachers are leaving the profession to become mail carriers.

Grade Teachers:

1st year, \$700; 2nd year, \$750; 3rd year, \$800; 4th year, \$900; 5th year, \$1000.

Supervisor of Music \$1,200 00
 Supervisor of Drawing 1,400 00

The total amount of the increases is about \$18,000 and under the new general school fund law Milford will be reimbursed from general fund to the amount of about \$14,000 leaving some \$4,000 to be raised by local taxation.

Owing to the initial reimbursement of the Town of Milford from the general school fund, in the sum of \$8,627.75, received late in the fall, the salary increase above referred to was made equivalent to a retroactive increase from Sept. 1, 1919.

The janitors received substantial increases, effective Sept. 1, 1919.

(compared with 96 per cent. last year, 85.4 per cent. two years ago, 95 per cent. three years ago, and 96 per cent. four years ago.)

The percentage of boys in the High School is the highest since these statistics began to be noted six years ago. The whole record for the last six years is noteworthy:—

Percentage of boys in the High School, 1913-1914, 43 per cent; 1914-1915, 45 per cent; 1915-1916, 41 per cent; 1916-1917, 40 per cent; 1917-1918, 43.5 per cent; 1918-1919, 49 per cent.

ATTENDANCE FORECASTS.

HIGH SCHOOL.

Present enrollment, 265, less 57 Seniors, equals 208 in the three upper classes, resident in the High School Building. Two hundred and eight less 31 (15 per cent. allowance for shrinkage) equals 177.

GEORGE E. STACY SCHOOL.

One hundred and sixty 9th graders, plus 210 8th graders, plus 273 7th graders, equals 643. Six hundred forty-three less 64 (10 per cent. allowance for shrinkage) equals 579, requiring fifteen rooms; twelve rooms available. This means that some of the High school divisions must go back to the High school building next year.

Grade 1—150—4 rooms.

Total rooms needed 19

Available 17

—

Rooms needed 2

In the above estimate of available rooms the two basement rooms in the Plains primary school are included. If these rooms were excluded, as they should be, three more rooms would be needed, or five in all, properly to care for the prospective enrollment.

These forecasts have usually been borne out in practice. They are more likely to be borne out in the coming year than ever before, for the reason that the new labor legislation, adding two years to the scholarship requirements for the holders of employment certificates, will hold in school a considerable number of children in grades five and six who would otherwise have gone to work.

Total	115 $\frac{1}{2}$

An inspection of the above table reveals the fact that, thus far this winter the public schools have lost $115\frac{1}{2}$ sessions, which is $57\frac{3}{4}$ days, or $11\frac{1}{2}$ weeks for one school. In other words the department has paid for nearly a 12 weeks'-term of school that it never received.

An inspection of the above list also reveals the fact that many of these absences were scattered, one or two sessions to a school, for the most part accounted for by the unusually long continuance of zero weather.

The third obvious fact, that 31 of the lost sessions were in one school and 56 in another suggests some explanation other than the severity of the weather, and such an explanation was readily found in the condition of the heating plants at the South and Chapin Street schools. As referred to elsewhere in this report, four 20-inch furnaces have been installed in the South school, one in each room, replacing the worn out furnaces in the basement of this building. With reasonably efficient janitor service this should solve the problem at the South school. Temporary relief has been found for the third grade at the Chapin Street school by resetting the furnace from the unused Portable No. 2.

CHANGES IN TEACHERS.

LEFT THE SERVICE,—HIGH SCHOOL:—

At the close of the school-year 1918-1919 Miss Inez L. Gay, an assistant in the High school since 1907, resigned to give her entire attention to home affairs. Miss Gay ever enjoyed the respect and loyalty of her classes and won an enduring success as a teacher, and as a disciplinarian in the best way, was always a positive force, and exerted a fine strong influence in the lives of her pupils.

In January, 1920, Miss Sadie A. O'Connell, instructor in Expression, English and History in the High school since September, 1907, resigned to become a teacher of Expression in the West Texas Normal College. Miss O'Connell was a tireless worker and won an enviable success in her chosen work during her stay in the Milford High school.

ENTERED THE SERVICE,—HIGH SCHOOL:—

The vacancy caused by the resignation of Miss O'Connell was filled by the selection of Miss Gertrude Litchfield of Southbridge, a graduate of Framingham Normal School and Emerson College, with several years of successful experience as a grade teacher, teacher of Expression and a dramatic reader.

LEFT THE SERVICE,—GRADES:—

In November, 1919, Miss Mary E. Mullane, a teacher in our schools since 1898 and Principal of the Park school since March, 1917, severed her connection with our schools to become a master's assistant in the Worcester schools. Miss Mullane enjoyed in the highest degree the regard of her young charges, the confidence of her superiors and the cordial friendship of her associates in the work. Miss Mullane's place as principal was filled by the selection of Miss Agnes S. McDermott, long and favorably known as a teacher in our schools.

Miss Kate B. Conely, teacher of the fifth grade at the Claflin school, left the service at the end of the school year 1918-1919 to become Mrs. James A. O'Malley. Miss Conely enjoyed the respect and esteem of her associates in the work, and of a wide circle of pupils who have enjoyed her ministrations in the schools.

At the end of the school-year 1918-1919, also, Miss M. Helen McConnachie, of grade VII, Stacy school, resigned to become Mrs. Charles E. Cooney. Miss McConnachie had been a teacher in the schools of Milford since 1907, and during that time had assisted in influencing the lives and moulding the characters of a large number of our young people.

Miss M. G. O'Connor, first grade teacher in the Claflin school, left the service at the end of the school-year 1918-1919, to become a Sister of St. Joseph. Miss O'Connor had been a teacher since 1907, and there will go with her in her new work the cordial good wishes of a wide circle of friends and associates, as well as of hundreds of the children who began their school life under her patient, skillful direction.

ENTERED THE SERVICE,—GRADES:—

Miss Eileen A. Ahearn, Milford High school, 1916, Fram-

ingham Normal School, 1918, with a year of experience in Franklin, Mass. Assigned to grade V-VI, South school.

Miss Beatrice Battles, Milford High school, 1917, Framingham Normal School, 1919. Assigned to Bear Hill.

Miss Margaret Cochran, Milford High school, 1915, Miss Wethered's Training School. Assigned to Plains Portable No. 1.

Miss Eva M. Kennedy, of Hopkinton, Mass., St. Mary's Academy, 1917, Worcester Normal School, 1919. Assigned to the Hoboken school.

Miss Catherine M. McNamara, Milford High school, 1916, Framingham Normal School, 1918, with one year of experience in Norton, Mass. Assigned to the Hoboken school—afterwards transferred to the Claflin school, grade IV.

TRANSFERS:—

Catherine M. McNamara, I Hoboken to IV Claflin; Anna H. Swift, I Plains Primary to I Oliver Street; Claire F. Hogan, Bear Hill to I Plains Primary; Agnes S. McDermott, IV Claflin to VI Park (principalship); Patrice A. Dillon, I Hoboken to I Claflin; Helen M. Quirk, V-VI South to VII Stacy.

At the close of the school-year 1918-1919, Mrs. John O'Connor, Supervisor of Music since 1911, severed her connection with the Milford schools. Mrs. O'Connor brought to the work a thorough training and a remarkable soprano voice, and the music work in the Milford schools prospered under her direction.

Mrs. O'Connor was succeeded by Miss Helena F. Swift, for a number of years a skillful and most successful teacher in the public schools as well as an experienced singer and trained musician.

CHANGES IN TEXT BOOKS.

The only new text book that has been introduced during the period covered by this report is Daly's Advance Rational Speller, —Boston, Benjamin H. Sanborn & Co.,—introduced in the High school. Changes in a number of text books for the grades are needed, the most necessary being a number method for the lower grades, an arithmetic series for the middle grades, and a geography for the middle and upper grades.

Teachers have constantly made use of Sheridan's "Speaking and Writing English," and this practice is having a beneficial effect upon the English work in the grades.

SCHOOL NURSE.

Through the generosity of the Milford-Hopedale-Mendon Instructive District Nursing Association, our schools have enjoyed, since September, 1919, the ministrations of a regular school nurse. Miss Lillian M. Sinclair R. N., has given us four days a week. The work has been most helpful and should be a regular feature of our school system from now on.

Strong features of Miss Sinclair's work have been the follow-up cases and the dental campaign. Fifty-three follow-up cases were found during medical inspections, nearly fifteen hundred examinations and consultations of school pupils were made by the school nurse, nearly four hundred minor cases, within the scope of the nurse, were found. One hundred fifty-eight Home calls were made.

Miss Sinclair says in her report, "The follow-up work is most important, and to have the best results from school nursing it is very necessary to have a dental clinic, as I find large numbers of these cases need dental care. In the meantime we hope to have a few cases cared for in the Harvard Dental College, Boston."

THE MILFORD SCHOOLS AND THE ALLIED WAR FUND.

During the school year 1918-1919, the Milford schools expressed their patriotism and devotion to the fighting forces abroad in a large and practical way by contributing over \$1100 to the Allied War Fund for entertaining the soldiers. Committee in charge of this fund, Principal T. J. Quirk, Chairman; Supt. A. O. Caswell; Rev. James A. Dunphy; Prin. John B. O'Leary; Miss Mae E. Birmingham; Mrs. M. H. Cooney; Miss Katherine G. McDermott; Mrs. A. A. McManus; Miss Mary E. Mullane and Miss Mary F. Ranahan.

UNIVERSITY EXTENSION.

We are indebted to Mr. Albert W. Chilson of Milford, for his interest in a number of young men, an interest that led to the forming of the first university extension class in Milford, a class in Mechanical Drawing, with Mr. Chilson as its efficient instructor.

The class was officially opened December 21, 1919, by Mr. James A. Moyer, Director of University Extension, with an enrollment of twenty-one. The class meets Monday nights in the drawing room in the High school building.

Mr. Chilson says, in his report, "The towns of Milford and Hopedale being industrial centers, the value of these courses is manifest, as all machine work, pattern work, tool work, and designs are based on Mechanical Drawing, without a knowledge of which a man is not a skilled workman higher wages are paid to those men who can read and make drawings, as they are more valuable to any manufacturer of machines."

An effort is now under way to form a university extension class in Accounting.

STAY IN SCHOOL—EDUCATION PAYS.

A message to the boys and girls of America from the Children's Bureau, Child Conservation Section, U. S. Department of Labor, Council of National Defence.

BOYS AND GIRLS STAY IN SCHOOL! TRAIN FOR THE FUTURE!

Children should stay in school as long as possible because
Education Means Better Jobs.

Boys and girls who go to work at the end of grammar school rarely get good jobs. The work they find to do is usually unskilled; it offers little training or chance for advancement. When they are older they find that they are still untrained for the skilled work which offers a future. Education Means Higher Wages.

Many boys and girls when they leave school find work that offers a high wage for a beginner. But these wages seldom grow because the work requires no training.

A position with a future and steadily increasing wages requires school training.

HERE IS THE PROOF:—

This table (prepared by the United States Bureau of Education) compares the wages of a group of children who left school at 14 years of age with another group who left at 18 years of age.

Earnings per week of children who left school at 14, the end of grammar school	Age	Earnings per week of children who left school at 18, the end of high school
\$4.00	14
4.50	15
5.00	16
6.00	17
7.00	18	\$10.00
8.50	19	10.75
9.50	20	15.00
9.50	21	16.00
11.75	22	20.00
11.75	23	21.00
12.00	24	23.00
12.75	25	31.00
Total salary till 25 years of age. \$5,112.50		Total salary till 25 years of age, \$7,337.50

At 25 years of age the boy who had remained in school until 18 had received over \$2,000 more salary than the boy who left at 14, and was then receiving over \$900 a year more.

This is equivalent to an investment of \$18,000 at 5 per cent. Can a boy increase his capital as fast any other way?

From this time on the salary of the better educated boy will rise still more rapidly, while the earnings of the boy who left school at 14 will increase but little.

Although the wages paid now are much higher than when this study was made, the comparison remains the same.

Does it pay to continue your studies? Education means a successful and useful life. It pays the individual. Education means efficient workers. It pays the nation.

So much, by way of good advice to those for whom it is a matter of choice whether they shall stay in school or go to work. New labor legislation of 1919 has taken away this choice from a large group of minors 14 to 16 years of age, by raising the educational qualification two school-years for candidates for employment certificates; whereas a minor, otherwise qualified, who had completed the fourth grade and fitted for the fifth grade could be granted the employment certificate, under the new law, effective October 1, 1919, the minor 14 to 16 years old, otherwise qualified, must have completed the sixth grade in order to receive the certificate. Pains have been taken to acquaint all employers of minors in Milford's field with the changes in the labor laws, and there has just been put into their hands a complete analysis of the laws as now operative, with special emphasis on prohibited trades, and a full analysis of the steps necessary to secure the various labor certificates.

Written, new certificates, during 1919:—

	During 1919	To Jan. 1, 1919	Total

HIGH SCHOOL.

Trigonometry is now required for admission to the Massachusetts Institute of Technology and has been added to the Technology course. Nineteen members of last year's graduating class have entered higher institutions of learning and 25 are engaged in business. Honors were awarded at graduation as follows: Patrick Peace Prize Essays, second prize, Alvin Pianca, '19; third prize, Phillys Mahoney, '20. The 1917 prize for excellence in classics was won by Alvin Pianca, '19. The Gallagher medal for excellence in scholarship and athletics was won by Leo Murray, '19. Mr. Murray also won alternate appointments for both West Point and Annapolis in the Congressional examinations held in the spring.

Principal FitzGerald in his report calls attention to the honor roll of Milford High School's sons and daughters in the service, which is as complete and accurate as he has been able to make it. This roll of honor has been drawn in handsome design by pupils in the drawing department, framed, and hangs in the main corridor of the High School.

The principal pays the following tribute to teachers leaving the service:—

"There have been three changes in the teaching force since a year ago this time. At the close of school in June, Miss Inez L. Gay, for many years teacher of Latin, found it necessary to resign. Miss Gay's absence is a distinct loss to the school, since she was a very able teacher, a thoroughly reliable assistant, and a woman whose influence upon the pupils was excellent. At the Christmas vacation Miss Sadie A. O'Connell resigned to accept a position in Texas. Her loss is also very great since she was one of our most efficient teachers, and, like Miss Gay, thoroughly reliable and loyal. Successors to Miss Gay and Miss O'Connell have not as yet been selected. At the same time Mrs. John A. O'Connor, Supervisor of Music, severed her connection with the local schools. The loss of her very capable instruction and artistic inspiration was a heavy one. She is succeeded by Miss Helena F. Swift, who shows promise of maintaining the high standard set by her predecessor."

SENIOR ENTERTAINMENT FOR 1919.

The Senior class entertainment for 1919 was very successful, reflecting much credit upon Miss O'Connell, the director, and the cast. The entertainment included:—"The Obstinate Family." Cast, Mr. Harwood, Harford's father-in-law, Alvin Pianca; Mrs. Harwood; Harford's mother-in-law, Jennie Connors; Henry Harford, Roger Perham; Jessy Harford, his wife, Eleanor Lilley; Lucy, a servant, Mary Stella; James, Harford's servant, Hugo Monti. "Holly Tree Inn."—Cast, Jab. Cobbs, Landlord of "Holly Tree Inn," Nicholas Capece; Captain Walmers of Walmers Court, Arthur Fitzgerald; Tom, Stableman of Holly Tree Inn, Thomas Reed; Harry Walmers, only child of Captain Walmers, Leo Murray; Mrs. Cobbs, Landlady of "Holly Tree Inn," Myrtie Kinney; Betty, Maid, Lillian Egan; Norah Harry's Sweetheart, Mary Balconi. Selections, M. H. S. Orchestra; Violin Duet, Julio Zorzi, '19 and Henry Volk, '20, accompanied by Miss Marion A. Ryan; Vocal Solo, Phyllis Jackson, '19 and Mary McNamara, '19, accompanied by Miss Marion A. Ryan.—High School Assembly hall, January 8, 1919.

EVENING SCHOOL.

The enrollment at night school was the smallest in years, but the attendance was very regular and the cooperation of the factories was most thorough. Principal Moore says in his report: "The enrollment was small as regards minors, due to the law now in force which compels the attendance in school of minors until reaching the age of fourteen. The purpose of the law was to eradicate illiteracy among minors. Statistics prove the benefit of the law."

That this law is accomplishing its purpose appears in the fact that, as elsewhere noted, only five new illiterate educational certificates were issued in Milford during the year of 1919!

Statistics of the evening schools follow:—

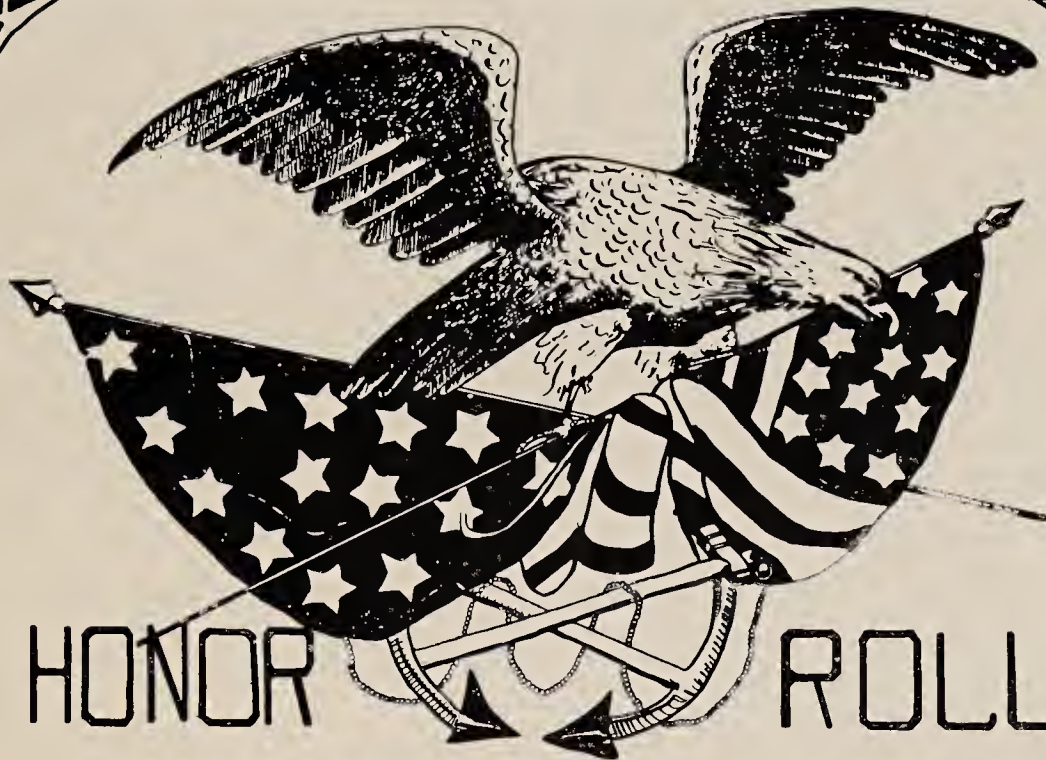

Length of term, 11 weeks; total enrollment, 48; average membership, 28.5; average attendance, 28.2; percent. of attendance, 81; female enrollment, 10; males enrolled, 38; illiterates, 38.

MUSIC DEPARTMENT.

As noted elsewhere Mrs. John A. O'Connor, Supervisor of Music in the schools since 1911, left the service at the end of last school year and was succeeded by Miss Helena F. Swift, for a number of years a successful grade teacher in the Milford Schools. Miss Swift, commenting on her work in this department, says, "A definite course of study has been arranged for the several schools. This plan of work is enthusiastically received by the teachers. About 100 pupils have elected music in the High School. It is hoped to double this number and secure an effective chorus. A High School Glee Club has been formed with about 50 members meeting one evening a week in the High School assembly hall. In the grades the study of breathing and tone production and expression is being carried into effect; in the primary grade rote singing and sight singing are taught; in the grades sight singing is continued, and much time is spent in the formation of quartets, trios, and duets, to give the pupils confidence." Miss Swift calls attention to the serious need of a new piano in the High School, and makes the following recommendations: At least twenty minutes daily should be devoted to music in the High School; this daily practice-work to be under the guidance of a member of the High school faculty. More time is needed if practicable results are to be obtained. The writer has taken particular note of the quartet, duet and trio work in the grammar grades, and in some rooms the children taking part in these musical efforts have achieved a notable success, displaying a correctness in time and tune, quality of tone, team-work, and confidence worthy of much older and more experienced singers.

DRAWING DEPARTMENT.

The work of the drawing department speaks for itself. Commenting on her work Miss Toohey says, "Drawing and the allied subjects are universally recognized as the best means for this training in developing accurate observation and manual efficiency. Our work throughout the grades has been planned with this aim in mind."

MARY E. MAZZARELLI '19

At the High school posters have been designed and lettered for school and community affairs. The department conducted a competition for a window design for the Pastime Club. Walter Heffron '24, won first prize of \$5 and Boyd Lewis '24, honorable mention.

Mary Mazzarelli '19, executed a notable design for an honor roll of the Sons of Milford High School who participated in the war. This has been framed and adorns the wall of the first floor of the High school.

There are exhibitions of the drawing work of the public schools in the superintendent's office, principal's office at the George E. Stacy school and walls of the various school rooms. The public is cordially invited to inspect these at any time.

SCHOOL ATTENDANCE.

The attendance officer reports 142 complaints by teachers, of which 42 cases were truancy, 41 sickness, six lack of proper clothing, 22 carelessness of parents, and nine excusable. There were four prosecutions in the courts, 10 truants returned from the street and six minors were found working without certificates and were returned to school. The attendance officer made 95 visits to the schools.

RELOCATE THE COOKING SCHOOL.

No time should be lost in relocating the cooking school. There is an available room in the George E. Stacy school, the present location is inconvenient, the appointments are inadequate, the first afternoon period in cooking conflicts with the last Physics period in the morning. It is difficult or impossible to leave experimental arrangements over from one day to the next or prepare them afternoons for the next morning. The expense would not be large and the convenience of arrangement and the enthusiasm, spirit and quality of the work in both Physics and Cooking would be greatly enhanced.

REMODEL THE SOUTH SCHOOL.

As stated elsewhere, much time has been lost the present winter at the South and Chapin Street schools on account of cold school rooms. The difficulty was solved in Miss Ames' room by having installed there the furnace in the unused portable at the Park school. At the South school the old furnaces were worn out, and a new, moderate sized furnace large enough to heat a one-room rural school, was installed in each school room. If and when the South school is remodeled, these furnaces can be taken down and installed in one-room rural schools, still heated with stoves, thereby solving the heating and ventilating problems there and saving the present investment. The rooms at the South school are much larger than necessary—1104 sq. ft. in area, as compared with 707 sq. ft., the area of the standard rooms at the Stacy school,—The floor area of the South school can be enlarged by extending the sidewalls toward Main Street, remodeling the front, cutting the enlarged school-rooms in two, thus securing eight adequate primary rooms and the remodeled building given a cement stucco treatment. Following this plan, it is possible to secure a substantial eight room building with modern conveniences, principal's office and supply room, individual wardrobes, and a proper heating and ventilating system for about thirty per cent. of the cost of an equivalent result, all new construction. This would care for all the children that would otherwise attend the South and Chapin Street schools for some years, and the Chapin Street school could be abandoned until such time as it might be needed. In the meantime there would be time and opportunity to plan for its proper reconstruction or replacement and provide for the costs.

COOPERATING ACTIVITIES.

In addition to the tender of the services of a school nurse and the nurses' class, already referred to, the Quinshipuag Woman's Club maintained summer playgrounds at the Plains and South school grounds last summer. In the Plains district the

grounds were in charge of Miss Deborah Clancy and Miss Alice Connell, assisted by Principal Thomas J. Quirk. The attendance here was 150. At the South school Misses Ruth Lilley and Hazel Miett had charge of the playgrounds. Attendance, 75. The Town contributed \$200.00. This movement deserves a much larger appropriation.

NEW HIGH SCHOOL HEATING PLANT.

The boilers at the High school were condemned by the State Boiler Inspector at the close of the school-year 1918-1919. During the summer a new plant was installed, designed by the J. P. Dwyer Co., of Boston, under the supervision of Mr. Wendell T. Phillips, architect. The new plant comprises two Mills type cast sectional boilers, built by the H. B. Smith Co., of Westfield, Mass., with electrically driven fan, return and thermostat pump.

J. S. Ranahan, contractor, contract price, \$6160.

ORDINARY REPAIRS.

PAINTING.

High school trim; two ceilings at the Spruce Street school; Plains Portable No. 1, outside; small jobs at the Park, Oliver Street and Purchase Primary schools.

MASON WORK.

Chimneys at the South and West Street schools rebuilt.

MISCELLANEOUS.

Thermostatic control systems at the High and Stacy schools overhauled; new lock-sets on several doors at the High school; various minor carpenter, plumbing and heating repairs throughout the year.

RECOMMENDATIONS.

The following, recommended a year ago, are accomplished facts:—(1) A new steam heating plant at the High school; (2) New one-room furnaces at the South school and one room of the Chapin Street school; (3) The employment of a school nurse. (This employment should be continued by the Town.) I respectfully renew my recommendations of previous years,—i. e.,—For equipping the rest of the rooms in the older buildings at the Plains district with the one-room heaters already referred to, (until a comprehensive plan of remodeling is undertaken); for manual work for the boys; for relocating the cooking school; for modernizing our **High school graduations**; for diplomas and graduations at the Stacy school, and, as already specially featured in this report, for remodeling the South school building and providing additional room (new or remodeled building) in the Plains district.

Finally, I heartily thank your committee for your many kindnesses to me and my co-workers during the year, and I thank my associates in the work for their many courtesies, as well as for their spirit of loyalty and confidence.

All of which is respectfully submitted,

ALMORIN O. CASWELL,

Superintendent of Schools.

The medical inspection of the pupils has been carried on this year as in former years, by an individual inspection of each pupil from the lowest primary grade to the senior class in the High school. The results as shown in the foregoing tables are most interesting, and give evidence of an increasing appreciation of the work of the school physicians, and the benefits accruing to the pupils therefrom, on the part of the parents.

Better results appear this year, and these are due in part no doubt, to the efficient follow-up work done by the school nurse, Miss Sinclair, whose services were furnished the department gratis by the District Nursing Association. We recommend that the town continue to employ her, and believe that the money required for that purpose will be well spent.

The pupils themselves are impressed with the medical inspection, understand its objects, and are willing and even anxious to act upon the suggestions intended to preserve their health and improve their efficiency.

The teachers and superintendent have always co-operated intelligently and patiently with us in our work, and to them is due much of the credit for the success of this very practical service.

Respectfully submitted,

CLASS ODE.

"Then You'll Remember Me."

Now open stand the gates of life,
Amid the joys of peace,
To welcome us, who sadly part
From blessings that now cease.
Farewell, oh Alma Mater true,
Farewell to thee, the one
Who taught us tender lessons pure
To do the work to come,
Whose love must guard us through the passing days!

'Tis hard to part with classmates staunch,
 With teachers dear and true,
 But future passing years will soon
 The bond of love renew,
 We ne'er forget your gentle care.
 And on the goal of fame
 Our thoughts will ever turn to you,
 And joyful we'll exclaim;
 "Reward is yours, oh Alma Mater kind."

No more the seas and lands are lashed
 By war's engulfing waves;
 No more will voices call with pleas
 Upon our fighting braves!
 At last the dawn of peace has come
 To bid the world be free.
 And shrouded in its message glad
 We say adieu, to thee
 Adieu, dear Alma Mater, kind and true.

TOWN RECORDS, 1919.

WARRANT FOR THE ANNUAL TOWN MEETING, MARCH 3, 1919.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

To either constable of the Town of Milford, in said County,
Greeting:

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said town qualified by law to vote in elections and in town affairs, to meet at the town hall in said town, on Monday, the third day of March, A. D. 1919, punctually at 5.45 o'clock in the forenoon, to act upon the following articles, namely:

(The polls may be closed at four o'clock in the afternoon on said day of meeting.)

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose all necessary town officers, a town clerk, town treasurer, tax collector, auditor, three selectmen, a highway surveyor, (for one year), one assessor, (for three years), one overseer of the poor, (for three years), one sewer commissioner, for three years), two members of the school committee, (for three years), one member of the Board of Health, (for three years), two trustees of Public Library, (for three years), two trustees of Vernon Grove Cemetery, (for three years), one park commissioner, (for three years), and five constables, (for one year), to be voted for on ballots prepared and furnished in accordance with the provisions of Chapter 835, Acts of 1913, and Acts in amendment thereto.

Also upon said ballots the voters shall give in their votes "Yes" or "No" in answer to the following question:

"Shall Licenses be granted for the sale of intoxicating liquors in this town?"

Article 3. To hear and act upon the reports of the selectmen, town clerk, treasurer, collector, assessors, overseers of poor, sewer commissioners, auditor, School Committee, trustees of town library, trustees of Vernon Grove Cemetery, park commisssioners, highway surveyor, chief of police, engineers of the fire department, town solicitor, inspector of animals, inspector of wires, inspector of plumbing, sealer of weights and measures, and any other officers or committees of said town.

Article 4. To raise and appropriate such sum or sums of money as may be necessary to defray town expenses for the financial year ending December 31, 1919.

Article 5. To determine when all taxes for the year 1919, shall become due and payable, the time from which interest on unpaid taxes of said year shall be charged, and the compensation of the collector of taxes for the year ensuing.

Article 6. To see if the town will vote to raise and appropriate the sum of One Hundred and Sixty-five Dollars (\$165.00) towards defraying the expenses of Memorial Day.

Article 7., To see if the town will vote to authorize the selectmen to take charge of all legal proceedings for or against the town.

Article 8. To see if the town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money on and after January 1, 1920, in anticipation of the revenue of the financial year beginning January 1, 1920.

Article 9. To see if the town will vote to appropriate a sum of money to provide aid, in accordance with the provisions of Chapter 179, of the General Acts of 1917, and to authorize the treasurer to borrow said sum, or take any action relative thereto.

Article 10. To see if the town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00), for the purpose of rebuilding Beach Street, from B. & A. R. R. crossing to Central Street, also for the building of curbstone sidewalks on said street, or take any action in relation thereto.

Article 11. To see if the town will vote to raise and appropriate a sum not exceeding Twenty-five Thousand Dollars (\$25,000.00), and will authorize the town treasurer to issue notes or bonds to an amount not exceeding Twenty-five Thousand Dollars, (\$25,000.00), at a rate of interest not exceeding six per cent per annum, payable semi-annually, for the purpose of extending its system of sewerage with particular reference to the installation of additional siphons.

Article 12. To see if the town will vote to raise and appropriate the sum of Two Hundred and Fifty Dollars (\$250.00), for the purpose of repairing Grant Street Extension, or take any action in relation thereto.

Article 13. To see if the town will vote to raise and appropriate the sum of Three Hundred and Fifty Dollars (\$350.00), for the purpose of extending the street lights on Cedar Street, from Charles River Park Hall, so-called, to the residence of Peter Ross, or take any action in relation thereto.

Article 14. To see if the town will vote to authorize the location of additional hydrants on East Main Street, from the present terminus of the Milford Water Company Main to the plant of the Milford Pink Granite Company, raise and appropriate money therefor, or take any action in relation thereto.

And you are hereby directed to serve this warrant by posting up attested copies thereof at each of the public meeting houses and at the Post Office in said town, also cause attested copies to be published in the Milford Daily News and Milford Gazette, newspapers, published in said Town, two Sabbaths at least before the time set for said meeting.

Hereof Fail Not, and make due return of this warrant with your doings thereon to the clerk of said town, at the time of meeting aforesaid.

Given under our hands at Milford, this Nineteenth day of February, A. D. 1919.

THOMAS J. NUGENT,
CHARLES V. WAITT,
JOHN H. CUNNINGHAM,

Selectmen of Milford.

A true copy. Attest:

JEREMIAH T. MURPHY,
Constable of Milford.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 3, 1919.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milford herein described to meet at the time and place and for the purposes within mentioned, by posting up attested copies of this warrant at each of the Public Meeting Houses and at the Post Office in said town, and I have likewise caused attested copies of this warrant to be published in the Milford Daily News and Milford Gazette, Newspapers printed in said town two Sabbaths before the time set for said meeting.

ANNUAL TOWN MEETING MARCH 3, 1919.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

At a legal meeting of the inhabitants of the Town of Milford qualified by law to vote in elections and in town affairs, holden this third day of March A. D. 1919, at 5.45 o'clock in the forenoon, the said inhabitants proceeded as follows:

The meeting was called to order by the town clerk, who read the warrant and the officer's return thereon.

Under Article 1. The meeting made choice of John T. McLoughlin as moderator, the voting list being used.

Two ballots were cast all of which were for John T. McLoughlin.

The moderator was sworn to a faithful performance of his duties by the town clerk.

The polls were opened at 5.45 o'clock A. M.

Voted: To close the polls at eight o'clock P. M.

Harold K. Bullard, and Dominick J. Lang, tellers appointed to check the voting lists, and Ernest A. Whitney and William J. Moore, ballot clerks, and Frank J. Mee and William W. O'Brien deputy ballot clerks were sworn to a faithful performance of their duties by the town clerk.

Voted: That after the completion of action under Article 2, the meeting be adjourned until Friday, March 7, 1919, at eight o'clock P. M. in Town Hall.

Due notice having been given, the polls at eight o'clock P. M. were declared closed.

During the voting the ballot box was opened, by the consent of the moderator and town clerk, five times for the purpose of taking out, sorting and counting the ballots, first at 1.10 o'clock P. M. when the box registered 640, then at 4.05 o'clock P. M. when it registered 950, then at 5.48 o'clock P. M. when it registered 1200, then at 6.35 o'clock when it registered 1423, and at the close of the polls, 8 o'clock P. M. when it registered 1923.

The ballot box count and the count of the checkers and ballot clerks both agreed. List at the polls 1923, list at the tables 1923.

The names of those on the list of voters which were checked and audibly counted were found to be 1923 males.

The following tellers appointed by the selectmen were sworn to a faithful performance of their duties by the town clerk.

Austin D. White, John F. Burke, John A. McKenzie, Harry L. Webber, George E. Stanley, Charles D. Rae, Leroy B. Brown, James F. Baxter, Archibald Boyd, Michael T. Tynan, Ernest L. Schultz, George F. O'Connell, Walter A. Vant, M. Henry DeCoste, Albert W. Jones, Dennis P. Flynn, George S. Whitney, Louis A. Marino, Walter E. Blake, D. Leo Murphy, Thomas H.

Coyne, John E. Roche, Charles F. Gillon, James F. Egan, J. Warren Richardson, Alfred B. Caruso, Dennis V. Ryan, Raymond H. Kiley, Herbert E. Reed, Martin C. Higgins, Albert J. Larkin, Joseph F. Fahey.

The following additional tellers appointed by the moderator were sworn to a faithful performance of their duties by the town clerk:

William F. Higgins, Thomas Birmingham, Jeremiah F. Roche, James H. Murphy, Henry L. Cronan, William H. McCue, Charles A. Dillon, William H. Connolly.

The ballots having been sorted and counted the moderator declared the following officers elected. The result was announced at 11.25 o'clock P. M.

Under Article 4. a motion to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000.00) for highways was defeated. Yes, 76. No, 77.

The recommendation for increase in salary in poor department was declared illegal, on the ground that the subject matter should be contained in a special article in the warrant.

Voted: To re-consider the motion whereby it was voted to raise and appropriate the sum of Thirteen Thousand Dollars (\$13,000.00) and income for general appropriation for poor department.

Voted: To raise and appropriate the sum of Thirteen Thousand Four Hundred Dollars (\$13,400.00) and income for general appropriation for the poor department, to be used for general expenses under the charge of said department.

Voted: To pass over the recommendation of the Finance Commission relative to the salary of John H. Cunniff, overseer of poor.

Voted: To pass over the recommendation of the Finance Commission relative to repairing Main Street, this year, by the highway surveyor, from the appropriation for highways.

Voted: To pass over the article.

Article 5. Voted: That all taxes for the year 1919 shall become due and payable October 15, 1919.

On all taxes remaining unpaid on November 1, 1919, interest at the rate of six per cent per annum shall be charged from October 15, 1919.

The collector shall be paid eight-tenths of one per cent. of each payment made by him to the town treasurer on account of taxes or assessments, and a like per cent. upon the amount distributed to the town by the treasurer and receiver-general of the Commonwealth under the provisions of section 23, of chapter 269, General Acts of 1916.

The collector shall pay all expenses of his office, namely, printing, postage and office supplies.

He shall be allowed expenses for rent, light and heat of the office rooms now used by him and all expenses incurred by him in suits or other proceedings at law or equity for the collection of taxes or assessments.

Article 6. Voted: To pass over the article.

Article 7. Voted: That the selectmen be authorized to take charge of all legal proceedings for or against the town.

Article 8. Voted: That the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow money on and after January 1, 1920, in anticipation of the revenue of the financial year beginning January 1, 1920, and to issue a note or notes therefor payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1920. Yes, 70. No, 0.

Article 9. Voted: To reconsider the motion whereby it was voted to raise and appropriate the sum of Sixty-eight Hundred and Forty Dollars, (\$6,840.00) for State Aid, for German War Dependents, under Article 4.

Voted: That the town appropriate Five Thousand Dollars

(\$5,000.00) for the purpose of providing aid in accordance with the provisions of Chapter 179 of the General Acts of 1917, and that the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow said sum, and to issue a note or notes of the town therefor, in accordance with the provisions of Section 7 of said Chapter. Yes, 77. No, 0.

Article 10. Voted: To raise and appropriate the sum of Two Thousand Dollars (\$2,000.00), for the purpose of re-building Beach Street, from B. & A. R. R. crossing to Central Street, also for the building of curbstone sidewalks on said street.

Voted to pass over the remainder of the article.

Article 11. Voted: To appropriate the sum of Twenty-five Thousand Dollars (\$25,000.00), and that the town treasurer be, and hereby is authorized to issue notes or bonds to an amount not exceeding Twenty-five Thousand Dollars, (\$25,000.00) at a rate of interest not exceeding six per cent. per annum, payable semi-annually, for the purpose of extending its system of sewerage with particular reference to the installation of additional siphons. Yes, 65. No, 0.

Article 12. Voted: To raise and appropriate the sum of Two Hundred and Fifty Dollars (\$250.00) for the purpose of repairing Grant Street Extension.

TOWN MEETING NOVEMBER 4, 1919.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, November 4, 1919.

In pursuance to the foregoing warrant the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, met in Dewey Hall in said town on Tuesday, the fourth day of November A. D. 1919, punctually at 5.45 o'clock in the forenoon, and were called to order by the town clerk who read the warrant and the officer's return thereon.

In accordance with the provisions of Chapter 835, Acts of 1913, and acts in amendment thereto, sealed packages said to contain 3000 official ballots, specimen ballots, cards of instructions, penalty cards and copies of the Constitution as amended were delivered to Thomas J. Nugent, Presiding Election Officer.

The seal was then publicly broken, the package opened and the ballots delivered to the ballot clerks and their receipt given to the town clerk. One card of instructions, one penalty card and one copy of the Constitution were posted in each marking compartment, and five cards of instructions, five penalty cards, five copies of the Constitution and Five Specimen ballots were posted in the hall outside the rail.

The ballot box required by law to be used in elections was then publicly opened and found to be empty, the register of the box was set at 0000, the box locked and the keys delivered to Jeremiah T. Murphy, Constable in attendance at said meeting.

Harold K. Bullard, and Dominick J. Lang, tellers to check

the voting list at the polls, William G. Pond and Joseph J. Clancey ballot clerks and Alfred B. Cenedella and James F. Baxter, Deputy Ballot clerks all appointed by the selectmen were sworn to a faithful performance of their duty by the town clerk.

The polls were opened at 5.50 o'clock A. M.

Voted: To close the polls at 8 o'clock P. M.

Due notice having been given the polls at eight o'clock P. M. were declared closed.

At two o'clock in the afternoon of the above mentioned fourth day of November at the same place the above described inhabitants acted upon the articles named in the warrant as follows:

The meeting was called to order by the town clerk who read the warrant and the officer's return thereon.

Article 1. The meeting made choice of John T. McLoughlin as moderator, the vote being unanimous.

Article 2. Voted: That the sum of Six Thousand Five Hundred Dollars (\$6,500.00) be appropriated for the purpose of installing the heating apparatus in the High School Building, the said sum of money to be taken from any unappropriated money in the hands of the treasurer.

The vote was unanimous.

Voted to dissolve the meeting.

Joseph D. Lang, Arthur A. Jenkins, Harry L. Webber, Walter A. Vant, Charles D. Rae, George E. Stanley, Fred A. Nealon, Thomas H. Coyne, Dennis P. Flynn, Archibald Boyd, John E. Roche, Irving C. Hill, George F. O'Connell, Albert W. Jones, Michael J. Higgins, Ernest L. Schultz, Michael H. DeCoste, George S. Whitney, Louis P. Marino, Frank R. Fahey, Thomas J. Ryan, Isaac W. Ward, John E. Wallace, Herbert Parkhurst, Alfred B. Caruso, J. Warren Richardson, Henry J. McNamara, Joseph Santosuosso, Arthur J. Curley, Burton N. Hoffman, Daniel F. Casasanta, H. Edson Wheeler, tellers appointed by the selectmen were sworn to a faithful performance of their duties by the town clerk.

During the voting the ballot box was opened, by unanimous consent of the Selectmen and Town Clerk, six times for the purpose of taking out, sorting and counting the ballots, first at 11.10 o'clock A. M. when the box registered 450 ballots, at 3.50 o'clock P. M. when it registered 900, at 5 o'clock P. M. when it registered 1100, at 6.17 o'clock P. M. when it registered 1424, at 7.25 o'clock when it registered 1883, and at the close of the polls 8 o'clock P. M. when it registered 2025.

The count on the ballot box did not agree with the number of names checked at the polls and at the tables of the ballot clerks.

The names of those on the lists of voters which were checked and audibly counted were found to be 2024.

The tellers having canvassed the votes given in and found the total number of ballots cast to be 2024, the same having been sorted and counted, declaration thereof was made in open meeting and recorded as follows:

The result was announced at 11.30 o'clock P. M.

VITAL STATISTICS.

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the town clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the Revised Laws of Massachusetts, Chapter 280, Acts of 1912.

SECTION 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of a ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense. The notice required by this section need not be given if the notice required by the following section is given within forty-eight hours after the birth occurs.

SECTION 2. Physicians and midwives shall make and keep a record of the birth of every child in cases of which they were in charge and shall, within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred a report of the birth, stating the date and place, the name, if any, of the child, its sex and color, and the names, ages, places of birth, occupations and residence of the parents, giving the street number, if there be any, and the number of the ward in a city, the maiden name of the mother, and whether or not the physician or midwife signing the birth return personally attended the birth. If the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both the father and mother filed with the return. The

record to be kept by the physician or midwife, as above provided, shall also contain the facts hereby required to be reported to the city or town clerk. The fee of the physician or midwife shall be twenty-five cents for every birth so reported, which shall be paid by the city or town where the report is made, upon presentation to the city or town treasurer of a certificate from the city or town clerk stating that the said birth has been properly reported to him. The report required to be made by this section is in addition to the report required to be made by the preceding section, and as above provided, if made within forty-eight hours of the birth, the report required by the preceding section shall not be required. A physician or midwife who neglects to make and keep the record hereby required, or who neglects to report in the manner specified above each birth within fifteen days thereafter, shall for each offense forfeit a sum not exceeding twenty-five dollars. The city or town clerk or registrar shall file daily with the local board of health a list of all births reported to him, giving the following facts: date of birth, sex, color, family name, residence, ward, physician or midwife.

Blanks can be obtained on application to the town clerk.
